Susanna,

Thanks so much for the update. And thanks for spreading the news of the project far and wide. I am sure your presentation was well received. You always do complete and thorough work in whatever you do.

I do miss being fully engaged with this work. Every now and then Audrey will stop by to fill me in. I am hopeful that the CZARA decision process will be less demanding in the next few weeks. The core CZARA Technical Team has to have "pens down" before Thanksgiving. I anticipate having more time to focus on my projects thereafter.

Again, thanks for the "Hello" and for the update on the project. Let's stay in touch.

Have a great weekend and stay warm.

Alan

Hi Alan,

Just wanted to say hello and wish you a happy Friday. How are things going?

Non-Responsive

Have a good weekend!

Susanna
